

GN115 | Mini Windshield Suction Mount for Garmin Nüvi

Package Contents:

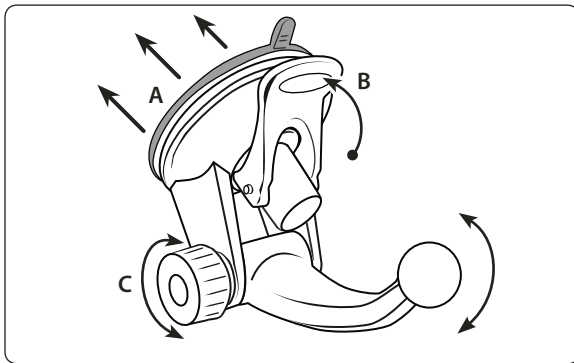

- (1) GN014 - Mini windshield suction mount for Garmin GPS
- (1) AP013 - Optional self-adhesive dashboard or console pedestal mounting disc
- (1) Alcohol cleaning pad

See Arkon website for compatibility with most Garmin Nüvi and some Street Pilot models.

- ⚠ Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.
- ⚠ Adhesive disc is intended for semi-permanent installation and one time application.

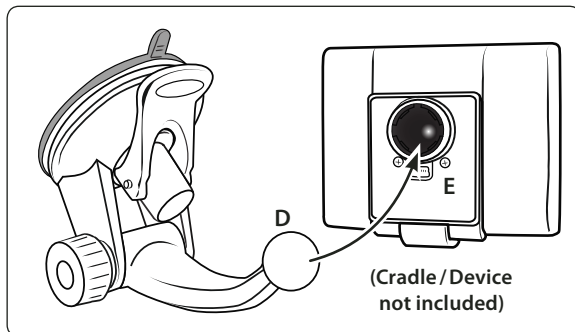

Windshield Mounting

- Step 1. Find a safe location on the interior of the vehicle's windshield to mount the pedestal. Firmly push the suction base (A) against the windshield and flip the base lever down (B) to the locked position. See diagram below.
- Step 2. Adjust the angle of the pedestal arm by tightening the angle adjustment knob (C) at the base to the desired angle.

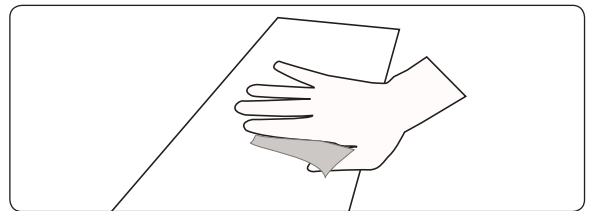

Attaching a Garmin Device to Pedestal

- Step 1. Do not attach the swivel ball head assembly. Attach your Garmin device (not included, sold separately) to the ball head by firmly inserting the ball head (D) into the cavity (E) in the back of the device.

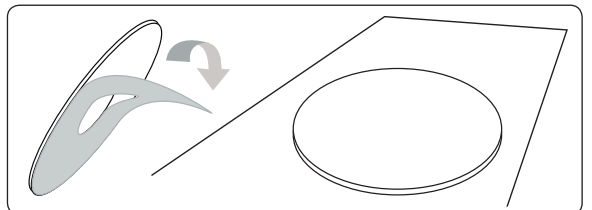

Dashboard or Console Mounting (Optional)

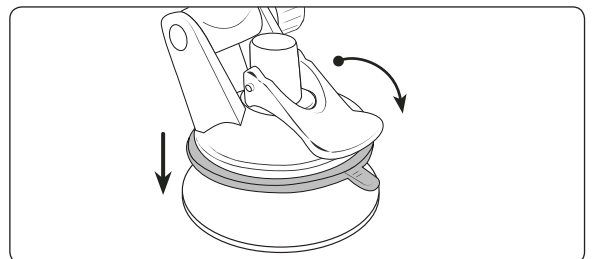

- Step 1. Choose a suitable location for the self-adhesive disc (and pedestal) installation.
- Step 2. Clean the dashboard or console surface area thoroughly with the included alcohol pad. Allow the area to dry before applying the mounting disc.

- Step 3. Remove the paper backing of the disc and place on the cleaned surface. Press top of the disc down firmly to allow the adhesive to stick to the surface. Allow 24 hours for the adhesive to cure to the surface before applying pressure.

- Step 4. Place the suction cup of the pedestal firmly down on the center of the mounting disc and lower the securing lever. Attach device as shown to the left.

Safety Precautions

Follow all manufacturer safety guidelines for operating your device. Failure to practice safe usage of GPS device while driving may result in damage, injury, or death.

Arkon is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this pedestal mount.
