No Tools Required for installation.

Installation Instructions

Bicycle Handlebar Mounting

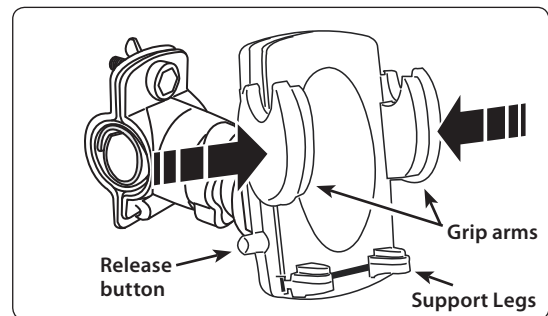

- Step 1. Choose a suitable location on the handlebars of your bicycle in which to mount the pedestal.
- Step 2. Unscrew the wing nut and remove the screw in order to open the notch cover plate so pedestal can be placed around the handlebars.

- Step 3. Wrap the rubber rings around the handlebar and reclip the notch cover plate around the rubber rings. Tighten the assembly by twisting the wing nut until it stops.

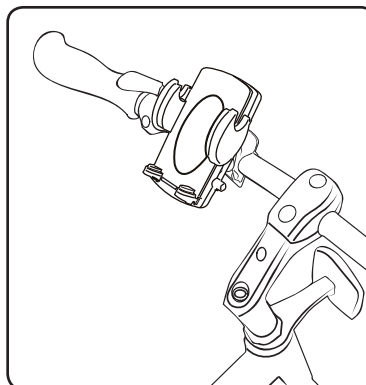

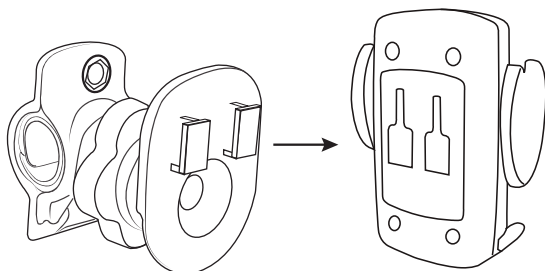

- Step 4. Attach the pedestal's dual T-tab head to the dual T-slots on the back of the cradle. Make sure T-tabs are engaged securely to the T-slots. Loosen the swivel tightening knob by turning it counter clockwise. Adjust angle of pedestal head as needed, then retighten swivel tightening knob to secure.

- Step 5. Place the phone or device into the cradle with the device sitting on the support legs. Clamp the grip arms inward to firmly grasp the device. Press the Release button to open the arms.

Connecting the cradle

Slide the T-slots of the cradle onto the T-tabs of of the mount pedestal.

Precaution: Arkon strongly recommends using a securing strap to provide extra protection for your device. Failure to do so may result in damage to your device. Do not operate portable devices while riding. Arkon Resources, Inc. assumes no liability for safety of bicycle rider or portable device.

Safety Precautions

Do not reposition the pedestal while cycling or driving. Arkon Resources, Inc. does not promote the adjustment of mobile devices except when the bicycle or vehicle is safely parked or stopped.

Arkon is not responsible for any damages caused to your bicycle, your device, or yourself due to the installation or use of this product.
