

SR038 | Lighter Socket Mount for XM and Sirius Satellite Radio

CM083

AP012

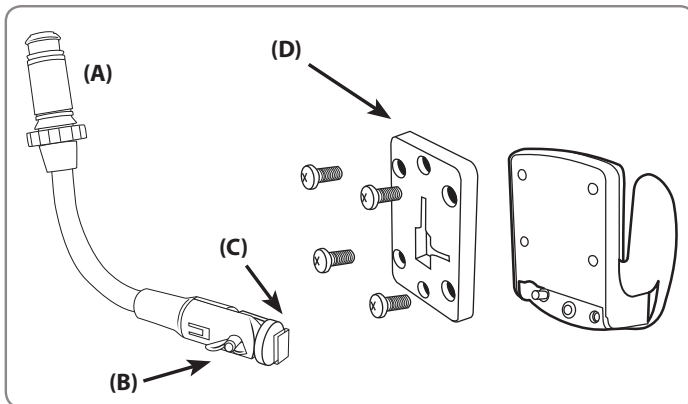

A typical 4-hole
AMPS pattern
(Cradle not included)

Installation Instructions

- Step 1. Insert the lighter socket plug (A) completely into the vehicle's 12V/lighter socket.
- Step 2. Adjust the angle of the pedestal arm by loosening/tightening the wing nut (B) to the desired placement angle.

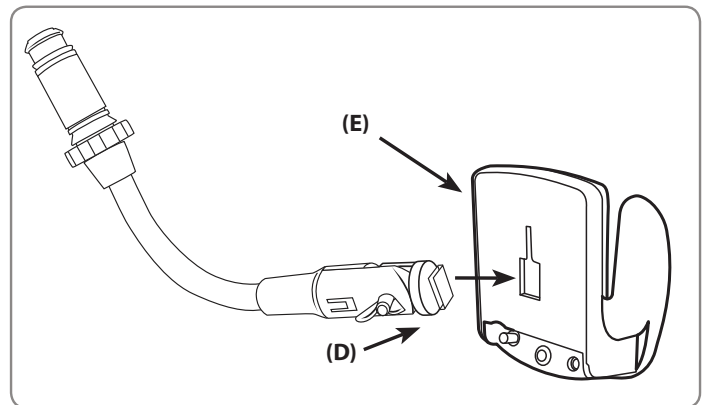

Adapter Plate Instructions (for Sirius receivers only)

- Step 1. Secure the adapter plate (D) to the Sirius device cradle (F) by using a screwdriver to secure adapter plate with screws (G) in the cradle.
- Step 2. Attach the adapter plate to the pedestal head (C) by inserting the T-tab into the T-slot of the adapter plate.

XM Receiver Attachment

Attach the XM device cradle (E) directly to the pedestal head (D) by inserting the T-tab into the T-slot of the XM device.

Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment.

Arkon Resources, Inc. is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this mounting solution.
