## Mount Installation Instructions

- Step 1. Insert the DC Power plug (A) completely into the vehicle's 12V-24V / lighter socket.
- Step 2. Adjust the angle of the pedestal arm by tightening the wing nut (B) to the desired placement angle.

- Step 3. If necessary, adjust the rotation of the mounting head by tightening the screw (C) with a screwdriver.
- Step 4. Adjust the angle of the pedestal head by tightening the wing nut (D) to the desired angle.
- Step 5. Adjust the angle of the pedestal head by tightening the adjustment ring (E).
- Step 6. Insert the car charger that came with your TomTom into the power dongle outlet on the mount.

**!** Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

**!** **Safety Precautions**  
 Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment.

Arkon is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this pedestal mount.

## Connect Adapter Plate to Pedestal

- Step 1. Connect the dual T-slots (C) on the adapter plate to the dual T-tabs (D) on the lighter pedestal head.

## TomTom Device Insertion and Removal

- Step 1. While holding the mounted adapter plate, gently insert the device (not included, sold separately) into the adapter plate until an audible click is heard. The device can then be rotated into the desired viewing angle.
