

GN014
Windshield Mount

Package Contents:

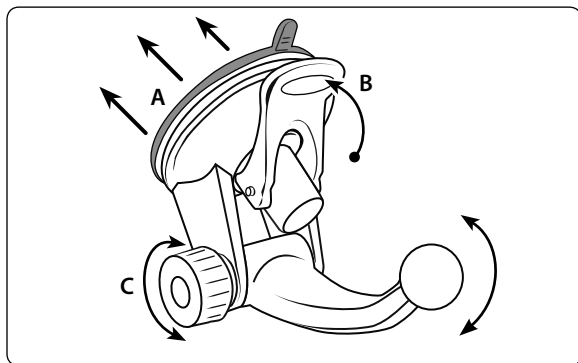

- (1) GN014 - Mini windshield suction mount for Garmin GPS
- (1) Alcohol cleaning pad

See Arkon website for compatibility with most Garmin nüvi and some Street Pilot models with 17mm socket mount point.

 Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

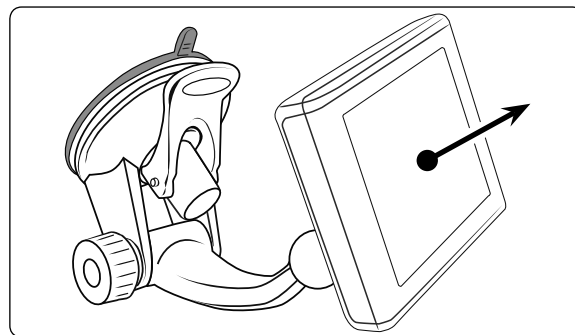

Windshield Mounting

- Step 1. Find a safe location on the interior of the vehicle's windshield to mount the pedestal. Firmly push the suction base (A) against the windshield and flip the base lever down (B) to the locked position. See diagram below.
- Step 2. Adjust the angle of the pedestal arm by tightening the angle adjustment knob (C) at the base to the desired angle.

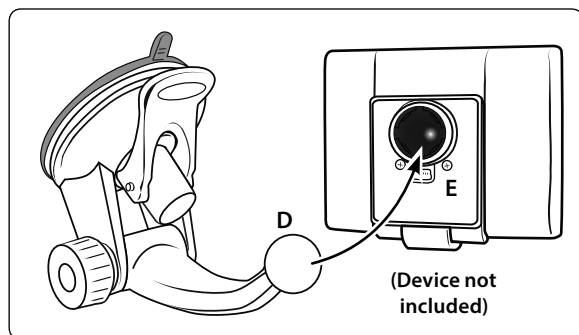

Removing Garmin Device

- Step 1. To remove, grasp the pedestal with one hand and firmly pull nüvi away from pedestal with your other hand.

Attaching a Garmin Device to Pedestal

- Step 1. Attach Garmin device (not included, sold separately) to mount head by firmly inserting the 17mm ball head (D) into the 17mm socket (E) on the back of the device. Rotate or adjust angle of GPS as needed.

Safety Precautions

Follow all manufacturer safety guidelines for operating your device. Failure to practice safe usage of GPS device while driving may result in damage, injury, or death.

Arkon is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this pedestal mount.
