

SM668
Slim-Grip® Ultra™
Mini Sticky Dashboard
or Windshield Mount

Package Contents:

SM060-2 - Slim-Grip® Ultra™ Holder
GN068-SBH - Mini Sticky Dashboard or Windshield Mount

CAUTION: Due to the strong hold of the sticky suction cup soft cushion padding on some dashboards may be pushed down forming a temporary indentation.

IMPORTANT: Select the appropriate short or long support legs and install to holder. For large sized smartphones and mid-sized tablets, select 4 long support legs.

IMPORTANT: Some dashboards with heavily textured or porous surfaces may require you to push down on the suction base while engaging the suction lock lever to achieve the suction required to hold the mount in place.

 Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

*If the sticky suction base becomes dirty or loses stickiness, rinse under warm water and let air dry.

- 1** Attach mount to dash or windshield, push down on suction lock lever. (To remove pedestal, flip up the suction lock lever and pull the pedestal up using the tab.)

- 2** Connect holder to mount.

- 3** Insert device, adjust mount and support legs as needed.

- 4** On soft dashboards, use included adhesive mounting disk*.

Safety Precautions

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and / or air bag deployment.
