Option 1: Passenger Seat Bolt Mounting

(A) Use a socket wrench to loosen the passenger seat track bolt. (B) Insert the seat track bolt bracket. (C) Retighten the seat track bolt.

Option 2: Floor Mounting

(D) Screw the floor bracket to the mount. (Depending on your vehicle, you may need to change the orientation of the bracket.) (E) Attach the floor / console bracket with screws.

Combining the Mount and RoadVise Holder

1. Attach the Robust shaft arm to the seat rail mount, attach the adapter to the shaft and tighten adjustment ring. Pass adapter through tightening ring and snap RoadVise XL holder to adapter. Tighten ring.

2. Using two hands, insert the phone into the holder by pushing the device into one of the spring-loaded legs. Expand the other leg and fully insert device until it lays flat against the gray rubber pad.

Package Contents:
(1) RM08825AL – 18” 25mm Seat Rail or Floor Mount
(1) RVXLWR – RoadVise™ XL Universal Phone Holder
(1) SP-RM250 – Robust Mount Shaft Arm
(1) SP25MM17 – 25mm Ball to 17mm Ball Adapter

IMPORTANT: Do not overtighten ring. Overtightening ring may damage threads on holder and also make it difficult to adjust holder.

Compatibility: Fits devices up to 5” wide including phones and midsize tablets.

Warning: Drilling into the dash, floor, or console may damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into the gas tank, electrical system, or other highly sensitive vehicle components.

Safety Precautions
Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility for injury or death as a result of car crashes and / or air bag deployment.

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.

RoadVise Holders work best with smartphones using a case. For maximum grip, make sure to use a ruggedized case while using this product.
